

Menn Installed as President of Trade Council

Northbrook, IL — March 20, 2007 -- Michael Menn, principal of Design Construction Concepts, Ltd. has been installed as the President of the HBAGC Remodelers. Menn was installed in January, and will serve a two-year term.

“The HBAGC Remodelers serves a very worthwhile purpose,” said Menn. “It encourages ethical conduct and uniform practices among firms in the remodeling industry. It also educates the public as to the need for and the advantages of maintaining their homes in good condition. So to be named the President of this organization is indeed both a personal and professional honor for me.”

The Home Builders Association of Greater Chicago is a trade association representing more than 2,300 members involved in home building, remodeling, design, housing finance, building product manufacturing and other segments of residential construction. A not-for-profit organization, the Association provides its members with networking and educational opportunities and represents them in matters related to government relations and advocacy. It is the oldest affiliate of the National Association of Home Builders, whose headquarters are in Washington, D.C.

Design Construction Concepts, Ltd. (www.dcc-ltd.com) is a full-service architectural design and construction management company specializing in custom residential and commercial projects.
